**SCHOOL OF  
PSYCHOLOGY**

## **Research Participation Opportunity**

Researchers from the School of Psychology at Queen's University Belfast are conducting a study evaluating balance, body awareness, and muscle activity in people with and without Parkinson's Disease. We are looking for 20 people with Parkinson's and 20 older adults without any neurological conditions to take part. Participating in the study involves travelling to the David Keir Building at QUB for an assessment session lasting 2 hours. You will receive a £10 Amazon Voucher for your time.

For more information or to register your interest, please email Paul McDonnell at [pmcdonnell06@qub.ac.uk](mailto:pmcdonnell06@qub.ac.uk) or phone +353872147467.

Ethical approval for this study was granted by the Faculty of Engineering and Physical Sciences Research Ethics Committee of Queen's University Belfast (QUB EPS Faculty REC).
